1 Tenzin Yarphel

**Brief history of the child:**

Tenzin Lhadon was born in southern India namely in Tibetan Settlement on 12<sup>th</sup> March in the year of 2003. She has one another big brother by the name of Tenzin Yarphel who is studying in class V in Lower Tibetan Children Village. On asking her Uncle how they meet with family basic needs he told us that he helps them with school fees and other things because their mother is mentally sick. Her Uncle is facing many difficulties because he himself have so many children to look after and feed.

As such Tibetan Children Village has accepted to pay stipend for this child's upkeep through our Outreach Program. This program takes care of most vulnerable and needy cases.

Therefore any help or support for sponsorship of this case will be highly appreciated.
