Yeshi Dolma was born in beautiful town of Dhingri Zong in Tibet on 21st Jan 2006.. Tibetans inside Tibet has been endangered with the very survival of Tibetan identity due to Chinese rule. Therefore her mother brought her to exile to bring her up among Tibetaas so that her parental identity could be imbibed to her along with modern education. She is kept by one of her aunt in Nepal because she has not reached school going age. Soon she will be admitted in one of our school in 2012.

As such he is placed under our Outreach Programme temporarily until he reaches age of six years old.

Therefore any support and help for this child is highly appreciated.
